Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Simply upload your file and share the link. Using file, you can circumvent those limits without paying to upgrade your team chat service. You can upload any type of file (movies, music, documents, images, zip files and more). Our service is completely free for everyone. You decide who you want to share your files with. There are norestrictions on the number of times a file can be downloaded. Files can be downloaded from any computer from our high speed servers. You don't need anyspecial software installed to be able to download your files. Keep your files private, or send your download links only to friends or family. This is easy, fast andreliable filehosting! You don't need any kind of premium-accounts. No account or credit card is required to get started. You can give this download link to yourfriends by mail or instant messenger. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Unfortunately, we can't make that part free. We have no file size limit. filehosting provides an easy possibility for you to send large files to your friends. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. The cost of that data transfer is covered by your internet service or the data planon your phone. It is also allowed to link to the download page from websites and communities. If only we could, we surely would! On the other hand, using filecan actually save you money. Just upload the file you want to share with your friends and we send you a download link to your file. File is free to use with no gotchas and no hidden fees. So try our free and simple filehosting service now. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Your wallet will be none-the-lighter!
